PROFESSIONAL SUMMARY

I support startup operations through structured systems, automation, and hands-on execution. As Executive Assistant to the CEO of InfoPouch Africa, I manage waitlist systems, grant research, and branded operational assets. My background spans building automation pipelines (Apps Script, Make.com, Airtable), a full-stack AI product (MEMO.AI), and Notion-based operations for early-stage teams, with a self-taught path from Fine and Applied Arts into tech and ops.

PROFESSIONAL EXPERIENCE

Executive Assistant to the CEO

InfoPouch Africa – Remote | Aug 2026 - Present

- Serve as executive assistant to the founder and CEO of a pre-revenue, pan-African data infrastructure startup
- Built and managed the company's waitlist system using Airtable and Fillout, sourcing the first 100 waitlist users
- Conduct grant research to support the company's fundraising pipeline
- Produced branded company assets, including letterhead and email templates, aligned to brand guidelines

Operations Intern

Hilvarr Digitals - Remote | Apr 2026 - Jun 2026

- Built a Google Sheets-to-Notion lead pipeline using Apps Script, automating lead intake for the agency
- Built an automated report reminder system (Apps Script + Make.com + Twilio) to keep clients reporting on schedule
- Maintained Notion workspaces and supported financial operations (expense tracking, invoicing, and budgeting) for day-to-day agency operations

Virtual Assistant Intern

HNG Tech - Remote | Apr 2026 – May 2026

- Completed training in virtual assistance fundamentals within a structured internship program
- Practiced workflow automation, task management, and client communication techniques
- Built and maintained lead trackers using Airtable and managed research documentation
- Developed skills in project coordination and remote team operations
- Designed a comprehensive travel plan as a practical VA assignment, covering itineraries, logistics, and cost breakdowns
- Learned how to craft and deliver effective client pitches, presenting services and ideas in a professional manner
- Worked collaboratively within a remote team environment, supporting group tasks and peer coordination

Product Design Intern (UI/UX)

DSHUB – Remote | Mar 2026 – May 2026

- Designed UX screens and user interface flows using Figma
- Gained practical knowledge in product design principles and user experience thinking
- Participated in product management workflows and design review sessions
- Developed confidence in public speaking and professional presentations, delivering design concepts clearly to an audience

- Collaborated effectively within a team, contributing to group tasks and design review sessions

Student Volunteer

French Embassy Fund | Apr 2025 – Jun 2025

- Supported student-focused programs and assisted with event organization and coordination

Freelance Graphic Designer

The Incubator Hub | Mar 2025 – Jun 2025

- Designed digital graphics using Canva for online communication and branding
- Created visual materials, including social media content and presentations

Social Media Management Assistant

Hope4aFuture – Remote | Jan 2025 – Aug 2025

- Developed content calendars that streamlined posting and improved audience reach
- Created Canva graphics that increased audience engagement across social media posts

Cowrywise Campus Ambassador

Cowrywise | Nov 2024 – Present

- Promoted financial literacy among students on campus
- Supported community engagement and awareness campaigns

Information Technology Intern

Kennie Technologies – Remote | Nov 2024 – Present

- Gained hands-on experience supporting digital workflows and technology projects
- Assisted team members with documentation and administrative coordination

Virtual Assistant Intern

TRYBE CITY | Aug 2024 – Present

- Assisted with administrative operations for a tech-focused team
- Managed digital files and helped organize documentation
- Supported communication and task tracking within the team

Freelance Virtual Assistant

Remote | Aug 2024 – Present

- Provided administrative and organizational support to remote clients
- Assisted with research, scheduling, and email management
- Supported team communication and assisted with project task tracking
